DEVELOPMENT OF AN UNBORN CHILD

Week 37 (the ninth month) – I'm still growing bigger and adding fat to keep me warm after I'm born. I'm getting heavy for Mom to carry me. I'm pretty much full grown now, that is, full grown for an unborn baby! I'll grow a lot more after I'm born!

Week 38 - I've turned upside down in my Mom's womb and I am standing on my head! My knees are pressed up against my chest and there's not much room to stretch anymore!
